Dear Honorable Judge Cote,

My name is Juan Rodriguez and Gabriel Roman is my Step-father. I am 34 years old and work as a security officer for Hollywood Park Casino in Inglewood, California. I've been doing this occupation for the last ten years. I am currently in process for the Los Angeles County Sheriff's Department. I am currently married and have an eight month old daughter and two step-kids.

I met Gabriel when he started dating my mom when I was about thirteen years old. My dad walked out on my mom about three years prior leaving her with five kids. We all took a liking to Gabriel and soon after he moved in with us. Gabriel always showed respect towards me and my brothers and sisters. He never laid a hand on my mom or us. Gabriel always worked hard and provided for us.

In the beginning he worked at a factory and times were a little hard, but then he saved enough money and bought his first Truck (18 wheeler). Gabriel was always driven to do better for him and his family. Soon after he bought a lunch truck and had his brothers working it. Gabriel was always trying to help everyone.

I remember during my senior year in high school he bought me my first car (Happiest day of my life besides my daughter being born). Things were going great, so we bought a house. His trucking business was doing so good that at one time he owned about seven trucks.

After I graduated high school, Gabriel insisted that I go to college. I went to a Junior college, which Gabriel paid the tuition. After I received my AA degree I transferred to Cal State Long Beach, which Gabriel also paid for. Gabriel then bought a restaurant, which he gave to me to run so I could have some income. The restaurant did well for about two years, but then we had to sell it, due to me not having much time to run it.

After a while the trucking business was not doing so well, so Gabriel had to sell his trucks one by one. In 2000 Gabriel finally lost it all including our house. Gabriel, my mom, my brother and four step-brothers that my mom had with Gabriel, moved in with my sister in Hesperia, California after we lost the house. My brother and I stayed out here in Los Angeles and moved in with a cousin. After a while my brother and I got our own apartment.

Gabriel struggled for a while doing odd jobs here and there until he started driving trucks again. Gabriel then bought my mom a house in Hesperia where they still reside. I don't keep much in contact with my family since they moved to Hesperia, but I try to call every now and then. Now that Gabriel is incarcerated I try to keep more in contact with my mom because she is struggling to pay the bills. Gabriel was the sole provider in the

household and now that he is not there it is hard on my mom, both financially and emotionally. She tells me that my brothers cry asking for their dad. I try to send her money as much as I can along with my other brothers and sisters to help her out. I just hope that she doesn't lose the house again because that would destroy her.

I believe that Gabriel regrets doing what he did, but I beg of you do not separate Gabriel from my mom and brothers. She has been through a lot already and I don't know how much more she can take.

Sincerely yours,

Juan Rodriguez

Dear Judge Cote.

My name is Juan M. Gutierrez. I own a small family operated construction company along with my father. I also work for a recycle center as a regular job. Gabriel Roman's daughter, Daisy G. Roman and I, live together with our daughter Ahmari, Gabriel's granddaughter. So in essence, Gabriel is my father-in-law.

I met Gabriel about 6 years ago when I started dating his daughter Daisy. From what Daisy told me about him, he seemed like an ordinary hard working man. All I knew was that he drove trucks for a living. He and I had a very friendly relationship but I seldom seen him, as his job would always keep him on the road.

The impression I had and still have of Gabriel, is that he is a very hard worker has struggled for what he has accomplished in life. He has always pushed education on his children, including Daisy. She actually went back to school after she gave birth to our daughter, and received her GED/ high school equivalency diploma, to not disappoint her dad. He told her that he never had the opportunity at a decent education in Mexico, and therefore she should take advantage of the educational opportunities she was presented with in this country.

It seems that Gabriel, when present in his children's lives, has had a positive influence on their behavior and education. I believe that a long absence from his family would only hinder their situation, both financially and as a role model and disciplinarian to his kid's. I truly believe he is remorseful and regrets the actions that have caused his absence. I think that he can make a change for the better if given a second chance. From what Daisy tells me about him, it seems out of character for him to be involved in this type of situation. I ask that you please have a bit of compassion on his sentencing, if not for him, for the sake of his families' well being.

Thank you,
Juan M. Gutierrez.

Dear Judge,

I am a twenty five year old hard workingwoman who currently went back to college and is majoring in Administration of Justice woman. I met Gabriel in 2006, when my cousin invited me to eat with them. Since the first day I met Gabriel we established a good friendship relationship. Eventually he and my cousin became boyfriends. He moved in with her and became part of the family. The impact that has caused to my cousin and her children during all the court proceedings and the time he has spent in custody has been very hard. I have seen the pain and suffering that my cousin and her children go through. They see Gabriel as a father ever since their biological father abandoned them. Gabriel would not only financially provide for them but also give them the love and care that her children need from a father. What I liked about Gabriel is he is a kind, noble and, considerate man. This children have already been affected by their biological father leaving if Gabriel has a longer separation with them this will affect them in their school but in thinking that every man figure in their life abandoned them. I know he has learned from his mistake and is remorseful for what he has done. Bringing him out would bring a family back together to establish positive goals in the future.

Sincerely,

Veronica Lopez

Dear Honorable Judge Denise L. Cote,

I am a fifty-year-old woman grandmother of three and mother of two. My relationship with Gabriel is he is my daughter's boyfriend. I met Gabriel in 2006 when my daughter presented him to me as her boyfriend. He than moved in with us and we became one big happy family. Gabriel was always there when we needed him. One time I needed to go to the hospital because I have diabetes and Gabriel was there to take me. In the time he lived with us for me he was a noble, respectful and very reserved person. I never seen anything negative about him as far as we never seen anything that would have endanger the life of me my daughter or my grandchildren. I never saw him drink or do drugs. My grandchildren love him and missed him very much because they see him as a father. It has affected me too because I see the pain and suffering that my daughter and my grandchildren go through. He helped a lot in the house providing not only economically but also with moral support. Bringing Gabriel out from prison would bring a family back together.

Respectfully,
Eva Rodriguez

My name is Jesus Mascareno Lopez and I am the commissioner of the communal farm land in Buena Vista and I am also a communal farm member. I am not related to him [Gabriel Roman] but I am only a friend and I have known him since he was born. The extent to which I knew him was as a peasant since his family had scarce resources. He dedicated himself to cattle farming. All of his life he has always helped his family and friends from the ranch. Gabriel has always been a peaceful man and I want to help him because he has always helped out people from the farm. His arrest has affected his family deeply. I think that he is repentant because of his arrest. His arrest will affect his family in many ways because they depend on him. I believe that his case deserves compassion and mercy because he is an honest and hardworking man.

Attentively,

Honorable Judge [Denise L. Cote],

My name is Maria Valenzuela and I am Gabriel Roman's sister-in-law. In my opinion Gabriel is a good person.. I have known him for eight years and he is very hardworking. The most important thing for him is his family because he is always concerned about them. Whenever someone needs him like a friend ,if he can help that person in whatever way he can [then he will].

His mother depends on him because she is ill and he pays for her healthcare so that she can get better. His children miss him because he would dedicate his time to them when he was not working. Whenever I needed his help he would never refuse [to help]. He was always willing to help someone like when a brother of his needed money [to borrow] he [Gabriel Roman] would give it to him. We all knew that we could count on him that is why we want him out [of jail] so that he can be with all of his family and especially with his children who desperately need him.

My name is Reynalda Meza Ibarra and I was born in Buena Vista, Sinaloa. I am a retired teacher who taught in Buena Vista for twenty-seven years. I am a widow and I participate in the community through the Catholic Church and in cultural and social events. I have known Gabriel Roman ever since he was very young even though I am not related to him. He was born to a very humble but hardworking family. He used to help his family in farming and with the livestock. He is a responsible family man. I can say these things about him because of his good behavior with his family and society. I never saw him involved in any types of problems.

When he was arrested it surprised me and I believe that his case should be looked at carefully and that he should not be judged without taking into account how it [his time in prison] will greatly affect his family.

Dear Judge Cote.

This letter is concerning Gabriel Roman Dieblas. My name is Daisy Gabriela Roman, Gabriel is my dad.

Ever since I can remember my dad has always been an honest, generous, kind, loving, respectful father. Growing up he would give us advice, teaching us right from wrong, and teaching us values. But now that he's been gone my brothers and sister have discarded everything he has thought them.

My dad was also the provider for the family, now my mom can't even do that. Living in a small town like Hesperia it's very hard to find a job. It's hard enough for myself, that im young and has a GED, I can't imagine how hard it is for her. There's been times she can't afford to pay all the bills, so she's left with the choice of having to pay either one bill or the other.

Your honor I have suppressed my feelings about the situation because I feel there's nothing I can do to help my dad. I have a daughter of my own her name is Ahmari Gutierrez she is four years old. My dad adored her would do anything for her now she doesn't remember him. I can't even look at pictures of my dad without breaking down. I am now trying to hold my tears back; this is very painful for me. Having my father be around for every event in my life and to now have him is around no longer is very difficult. I haven't expressed my feelings about my dad being away. So please your honor please let my family have the missing piece of their heart back, and please don't let my daughter grow up without her grandad or my brothers and sister grow up without their dad.

Thank you Judge Cote. I really appreciate you taking time to read this. I know your time is valuable.

Thank you,
Daisy G. Roman
